

# *Squelch*

August 5, 2020

**Official Publication of the Anaheim Amateur Radio Association  
An ARRL Affiliated Club**

## *This Months Program*

### *Pending Program*

This pending presentation will be on the Wolf River Coils vertical antenna system. I will be demonstrating the first antenna with a bottom loading coil, and the second antenna will have the center loading coil. They will both be tuned to the 40 meter band.

I have cancelled the Club meetings for August and September due to the increase in the coronavirus pandemic. Anaheim has become a hot spot for COVID-19. I will update you on the latest news by Email, as to when it is safe to schedule a Club meeting. Stay tuned.

Dennis

## Next Months Upcoming AARA Events
